Dear Parent/Guardian

The Maths Department would like to welcome your son/daughter back to school and into Year 11.

As part of your son/daughter's continuing study towards their GCSE in Mathematics they will be issued with a booklet, produced in school, containing a number of new specification practice examination papers. These will be used in class, and as homework. To ensure these practice papers are kept secure your son/daughter will need to provide a folder to house them.

If your son/daughter wishes to write in the booklet then to offset some of the cost we would ask for a one off contribution of £3.00. This will also cover the cost of printing subsequent practice papers as they are released throughout the year. We feel that proper completion of these practice papers is essential to the successful conclusion to GCSE Mathematics.

The preferred method of payment is online using the Standish Community High School payment system via the website. Cheques can be made payable to Standish Community High School. If paying by cash please enclose the correct amount as change cannot always be given. Return the payment to the finance office in a sealed envelope clearly marked with the following:

- Student's name, Maths Class and Maths teacher
- Maths Practice Paper Booklet
- Whether the payment is cash or cheque
- The amount enclosed

We would also remind you that your son/daughter will require a calculator to assist with their studies and it is essential they have their own for their GCSE exam. In school we use the **Casio fx-83GT plus** and would recommend that this is the calculator purchased.

Yours sincerely

A Pollard
Headteacher
