Mr Sefton
Science Department

September 2018

Dear Parent/Carer

The most common question I am asked by parents at parents evening is "What can we do to help?"

One thing that you can do is buy your son/daughter a subscription to Tassomai.

Tassomai is a computer program that uses multiple choice quizzes to build knowledge. 40% of the science GCSEs is recall. A further 40% is application. In total 80% of the science GCSE exams will require a good knowledge of the scientific ideas that they are taught in class.

Tassomai is a computer program that uses small, daily multiple choice quizzes to improve students' ability to remember the ideas they learn about in class and recall them when they are in the exam hall.

If you would like more information about Tassomai then please follow the link to their website.

<https://www.tassomai.com/>

Tassomai is available to private users as well as schools. If you wanted to buy a subscription to Tassomai as a private user it would cost £45 per month.

However, if you choose to buy Tassomai through school then you can get the exact same subscription with the added bonus that your sons/daughters science teacher can track their progress and intervene when they have any difficulties for a one off payment of £20.

As a department, we believe Tassomai is good value for money and a key revision and motivational tool. Tassomai is an excellent tool to engage students and support them with their revision throughout Year 11.

If you think that Tassomai would be a useful to support your son/daughters learning then please complete the slip with the correct payment and return it to the Finance Office. We would prefer payments to be made using the payment system accessed via the school website. However, you can also pay by cash or cheque (made payable to Standish Community High School) in a sealed envelope with the student's name, form and 'Tassomai subscription' on the front. Please note: the deadline for receiving payment is Friday 28th September.

If you have any further questions then please contact Mr Sefton directly at school.

Yours sincerely

L Barker
Head of School

be Outstanding!

Tassomai subscription reply slip, please hand in to the Finance Office no later than Friday 28th September 2018.

Student name: _____ Form: _____

I would like school to subscribe my child to Tassomai and have paid £20 online / cheque / cash
(Please indicate payment method)
