Dear Parent/Carer

As you will be aware, your child is coming to the end of their second series of mock examinations during Year 11. These mocks will provide staff with a laser sharp insight into which elements of each course your child is confident with and which areas need additional work. This crucial information will assist staff in providing personalised and specific intervention and preparation for the final GCSE exams which begin in May.

In addition to this, on Tuesday 12<sup>th</sup> March, Year 11 students will participate in a session delivered by a company called Resilient Me. These sessions, held in school, are designed to help students plan and prepare themselves for the final push towards their GCSE exams, co-ordinate their revision, manage their time effectively and take care of their wellbeing.

To aid parents in supporting their child over these next few weeks, to prepare and perform in their GCSEs, I have the pleasure of inviting you to school for our 'Preparation for GCSE' evening. This will also take place on Tuesday 12<sup>th</sup> March in the Sports Hall from 6pm until 7pm. During the evening, Resilient Me will deliver a short session to parents offering an insight into what has been delivered to students that day to enable you to have meaningful and informed conversations with your child. Mr Peters, Deputy Headteacher, will also deliver a short presentation looking at:

- Key dates
- Revision activities available to students
- Revision techniques
- How parents/carers can help
- Managing stress
- Examination rules
- Top tips for success

A Parents' Booklet will be given out containing useful information and there will be an opportunity for parents to purchase subject revision guides and stationery.

I do hope that you will be able to attend on the evening, so that the partnership between school and home may be further strengthened. Please complete the attached reply slip and return to your child's form tutor by Monday, 11<sup>th</sup> March 2019.

Yours sincerely  

L Barker  
Head of School
